Mountaintop U.S.A William Graney, 2000-06-01 A small town rests quietly with secrets amongst the pines and chilly mountain air As a comet soars through space towards earth the residents of Mountaintop begin to feel as though something is going to happen The comet draws nearer with every passing day and the tension builds until all eyes are focused on the night sky The town has been a magnet for deep thinkers contemplatives and chess players and as the quirky residents live their lives under the influence of the passing comet philosophical and spiritual bones begin to rattle The mountain experience comes into focus the past returns to life through the joys and tribulations of the present masks are stripped away and souls are held naked before the howling mountain winds As the comet makes its closest pass by earth and fills the star gazers with celestial awe revelations concerning their individual and collective essences are shared The effects of the comet will be experienced in unique and personal ways and everyone will pass through an awakening Yet in spite of the comet s majesty and accompanying wonder some will come to find out that not all awakenings bring a sense of peace or contentment For many of the people who call Mountaintop home the arrival of the comet coincides with significant life events Love life death the passage of time and the search for calm shrouded in chaos are themes that receive a thorough workout The journey covers a ten day period in the present as well as flashback chapters from the past which offer the insights necessary for understanding current behavior The cornerstones in Mountaintop are the families and it is through these family bonds that an expansive range of dreams are both realized and shattered Always looming in the background of these small town experiences is the comet and it is the comet that draws everyone together for the climactic finale Join Nathan the wandering philosopher Tatiana the Russian chess dynamo Michelle the heartbroken teenager and the rest of Mountaintop s residents as they journey towards meaning and insight Mountaintop U S A a tale of tragedy humor and hope a winding trail through shadow and light **Mine Planning and Equipment Selection 2000** T.N.
