

21st CENTURY ESTROLOGY NUMEROLOGY MADE EASY

Pythagoras founded the system of numbers we call 1-9, and his system of numerology is the foundation of all modern numerology. His work was based on the idea that numbers have a special vibration and that vibrations create or control destinies. In this way, vibrations, numbers and numbers can change the numbers, and these numbers are connected with specific portions of the physical, astral and etheric worlds. This is why numerology is used to help people understand their lives and personalities. Some of the most famous numerologists in the world, including Pythagoras, have been credited for their influence on the spiritual and physical worlds.
