Pumpkin Rollers:

The Pumpkin Rollers Elmer Kelton, 2011-04-01 In the cattle drives of the Old West pumpkin rollers were green farmboys almost more trouble than they were worth When Trey McLean leaves his family's East Texas cotton farm and sets off on his own to learn the cattleman's trade he's about as green as they come But Trey learns fast He learns about deceit when a con man cheats him out of his grubstake and about love when he meets the woman he's destined to marry And when luck finally sets him on a cattle drive to Kansas Trey learns the trade from veteran drover Ivan Kerbow but he also learns the code of violence and death from outlaw Jarrett Longacre a man who will plague his life at every turn At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied

Pumpkin Cindy Ott, 2012-12-01 Why do so many Americans drive for miles each autumn to buy a vegetable that they are unlikely to eat While most people around the world eat pumpkin throughout the year North Americans reserve it for holiday pies and other desserts that celebrate the harvest season and the rural past They decorate their houses with pumpkins every autumn and welcome Halloween trick or treaters with elaborately carved jack o lanterns Towns hold annual pumpkin festivals featuring giant pumpkins and carving contests even though few have any historic ties to the crop In this fascinating cultural and natural history Cindy Ott tells the story of the pumpkin Beginning with the myth of the first Thanksgiving she shows how Americans have used the pumpkin to fulfill their desire to maintain connections to nature and to the family farm of lore and ironically how small farms and rural communities have been revitalized in the process And while the pumpkin has inspired American myths and traditions the pumpkin itself has changed because of the ways people have perceived valued and used it Pumpkin is a smart and lively study of the deep meanings hidden in common things and their power to make profound changes in the world around us

Texas Rifles Elmer Kelton, 1998-01-15 The new Confederacy facing into the Union cannon had too much on its hands to send troops to the Texas frontier to hold back the Indians Instead it authorized the State of Texas to raise its own troops Many kinds of men drifted into the Texas Mounted Rifles Some thought it might be safer than fighting in far off Virginia Many were merely young men a thirst for adventure Some were settlers who saw this as the best way to protect their families and homes against the murderous thrusts of the Comanche And some were men who still loved the Union who had lived too long under that gallant flag to turn their guns against it now Such a man was Scout Sam Houston Cloud
