Semiotics 1981 John N. Deely, 2012-12-06 This volume differs from the volume Semiotics 1980 in that it is no longer an experimental product but the result of a permanent commitment of the Semiotic Society of America to publish each year henceforward those papers presented at its Annual Meeting which are submitted to the Secretariat in timely and proper form Thus Semiotics 1981 marks the beginning following upon the experimental Semiotics 1980 volume of an indefinite series of volumes presenting the cross fertilization of styles topics methodologies and traditions in which new ideas vie for survival and experiment is at a premium It is this cross fertilization which is at the heart of the vitality and integration and redistribution of the world of knowledge The historical value of such a record is obvious But the more immediate objective of these volumes of annual proceedings is to promote participation in the work of semiotizing traditional perspectives and disciplines by providing a forum in which young scholars can meet regularly and find an outlet for their efforts at interdisciplinary thinking which are not always welcome in the journals and proceedings devoted to the promotion only of traditionally specialized perspectives
