Steinert**

## **Post War Britain:**

Post-war Britain Alan Sked, Chris Cook, 1979      **Governing Post-War Britain** Glen O'Hara, 2012-04-11 Glen O'Hara draws a compelling picture of Second World War Britain by investigating relations between people and government the electorate's rising expectations and demands for universally available social services the increasing complexity of the new solutions to these needs and mounting frustration with both among both governors and governed      **Art and Masculinity in Post-war Britain** Gregory Salter, 2019 List of Figures Acknowledgements Series preface Introduction Shaken by the Spirit of Reconstruction 1 John Bratby Masculinity and Violence in the Post War Home 2 Francis Bacon Queer Intimacy and Queer Spaces of Home 3 Keith Vaughan Bodies and Memories of Home 4 Francis Newton Souza Masculinity Migration and Home 5 Victor Pasmore Abstraction and the Post War Landscape of Home Conclusion Gilbert George and the Persistence of Reconstruction Notes Bibliography Index      **The Politics of Water in Post-War Britain** Glen O'Hara, 2017-05-10 This is the first book to cover the British people's late twentieth century engagement with water in all its domestic national and international forms and from bathing and household chores to controversies about maritime pollution The British Isles a relatively wet and rainy archipelago cannot in any way be said to be short of liquid resources Even so it was the site of highly contentious and revealing political controversies over the meaning and use of water after the Second World War A series of such issues divided political parties pressure groups government and voters and form the subject matter of this book problems as diverse as flood defence to river and beach cleanliness from the teaching of swimming to the installation of hot and cold running water in the home from international controls over maritime pollution and from the different housework duties of men and women to the British state's proposals to fluoridise the drinking water supply      **Stress in Post-War Britain, 1945-85** Mark Jackson, 2016-12-05 In the years following World War II the health and well being of the nation was of primary concern to the British government The essays in this collection examine the relationship between health and stress in post war Britain through a series of carefully connected case studies      An Intelligent Person's Guide to Post-war Britain Alan Sked, 1997 The aim of this book is to explode the myth that the United Kingdom is now a tired and run down country still dreaming of if not living in its class ridden imperial past It departs from the view that the country's history should be a cause for shame and that in order to reverse its well merited decline it has to adopt such extreme solutions as those of Chapter 88 devolution or rule from Brussels      A History of Post-war Britain Peter Lane, 1971      **No Turning Back** Paul Addison, 2010-06-24 Paul Addison charts the vastly changing character of British society since the end of the Second World War bringing to the subject the personal point of view of someone who has lived through it all and seen the Britain of his youth turn into a very different country but who in the final reckoning still prefers the present to the past      The Politics of Decline Jim Tomlinson, 2014-06-11 The key aim of this new book is to show how economic decline has always been a highly politicised concept forming a central part of post war political argument In doing so Tomlinson reveals

how the term has been used in such ways as to advance particular political causes *Post War Britain 1945 Economy* Marceline McLagan, 2021-04-23 The book tells about the life of an elder family in the period after World War II Jack Bull craved more than his native England could offer in the grey days after World War II The bright sun of Empire still shone over Africa but how soon would it fade This deeply personal memoir locates Jack s life in the center of events historical political and domestic and shows how much we are all swept along by the tide Now Britain is wrestling to reinvent its place in the world Jack s story reminds us that we have been here before Through the eyes of his son the book takes us on the journey of an ordinary man who lived through extraordinary times **Understanding Post-war British Society** Jim Obelkevich, Peter Catterall, 1994 Brings together the perspectives of leading sociologists and social historians to understand the shaping of British society An illuminating and comprehensive account of post war British History [Britain's Experience of Empire in the Twentieth Century](#) Andrew Thompson, 2012 The first systematic investigation of the impact of imperialism on twentieth century Britain **Counting Religion in Britain, 1970-2020** Clive D. Field, 2021-12-09 Counting Religion in Britain 1970-2020 the fourth volume in the author s chronological history of British secularization sheds significant new light on the nature scale and timing of religious change in Britain during the past half century with particular reference to quantitative sources Adopting a key performance indicators approach twenty one facets of personal religious belonging behaving and believing are examined offering a much wider range of lenses through which the health of religion can be viewed and appraised than most contemporary scholarship Summative analysis of these indicators by means of a secularization dashboard leads to a reaffirmation of the validity of secularization in its descriptive sense as the dominant narrative and direction of travel since 1970 while acknowledging that it is an incomplete process and without endorsing all aspects of the paradigmatic expression of secularization as a by product of modernization **Stress in Post-War Britain, 1945-85** Mark Jackson, 2016-12-05 In the years following World War II the health and well being of the nation was of primary concern to the British government The essays in this collection examine the relationship between health and stress in post war Britain through a series of carefully connected case studies *History of the Supply Department (1939-1946)* India. Industries and Supplies, Department of, Shugan Chand Aggarwal, 1947 **Automotive Industries**, 1917 [Post-war Problems](#) Library of Congress. General Reference and Bibliography Division, 1944 Classified with author and subject index **Now & Then**, 1924 [German Migrants in Post-War Britain](#) Dr Inge Weber-Newth, Johannes-Dieter Steinert, 2006-03-29 Both timely and topical with 2005 marking the 60th anniversary of the end of the Second World War this unique book examines the little known and under researched area of German migration to Britain in the immediate post war era Authors Weber Newth and Steinert analyze the political framework of post war immigration and immigrant policy and the complex decision making processes that led to large scale labour migration from the continent They consider identity perception of self and others stereotypes and prejudice how migrants dealt with language and intercultural issues migrants attitudes towards national

socialist and contemporary Germany migrants motivation for leaving Germany migrants initial experiences and their reception in Britain after the war as recalled after 50 years in the host country compared to their original expectations Based on rich British and German governmental and non governmental archive sources contemporary newspaper articles and nearly eighty biographically oriented interviews with German migrants this outstanding volume a must read for students and scholars in the fields of social history sociology and migration studies expertly encompasses political as well as social historical questions and engages with the social economic and cultural situation of German immigrants to Britain from a life historical perspective      **1918-1928, a Short History of the World** Cecil Delisle Burns,1928
