

ERA POST-TRUTH:

Ketika Influencer Lebih Didengar daripada Pakar

Tahukah Kamu?

Era post-truth adalah fenomena ketika masyarakat lebih mempercayai informasi yang bersumber **dari influencer** alih-alih pakar di bidangnya.

Pengaruh Media Sosial

Masyarakat seringkali menilai informasi berdasarkan **jumlah likes, views, atau popularitas**, daripada informasi berbasis riset. Fenomena ini bukan hanya mengaburkan batas antara fakta dan opini, tetapi juga **mengancam kredibilitas** ilmu pengetahuan.

Penyebab

Politik

Media Sosial

Eco Chamber

Ketergantungan masyarakat pada **sosok populer**, seperti *influencer* untuk menafsirkan informasi yang mereka terima. Mereka cenderung mempercayai sumber informasi yang sudah familiar tanpa **mempertimbangkan validitas** sumber tersebut.

Post Truth Era

Ralph Keyes

Post Truth Era:

Post-Truth Lee McIntyre, 2018-02-16 How we arrived in a post truth era when alternative facts replace actual facts and feelings have more weight than evidence Are we living in a post truth world where alternative facts replace actual facts and feelings have more weight than evidence How did we get here In this volume in the MIT Press Essential Knowledge series Lee McIntyre traces the development of the post truth phenomenon from science denial through the rise of fake news from our psychological blind spots to the public s retreat into information silos What exactly is post truth Is it wishful thinking political spin mass delusion bold faced lying McIntyre analyzes recent examples claims about inauguration crowd size crime statistics and the popular vote and finds that post truth is an assertion of ideological supremacy by which its practitioners try to compel someone to believe something regardless of the evidence Yet post truth didn t begin with the 2016 election the denial of scientific facts about smoking evolution vaccines and climate change offers a road map for more widespread fact denial Add to this the wired in cognitive biases that make us feel that our conclusions are based on good reasoning even when they are not the decline of traditional media and the rise of social media and the emergence of fake news as a political tool and we have the ideal conditions for post truth McIntyre also argues provocatively that the right wing borrowed from postmodernism specifically the idea that there is no such thing as objective truth in its attacks on science and facts McIntyre argues that we can fight post truth and that the first step in fighting post truth is to understand it *Post-Truth* Steve Fuller, 2018-05-25 Post truth was Oxford Dictionaries 2016 word of the year While the term was coined by its disparagers in the light of the Brexit and US presidential campaigns the roots of post truth lie deep in the history of Western social and political theory Post Truth reaches back to Plato ranging across theology and philosophy to focus on the Machiavellian tradition in classical sociology as exemplified by Vilfredo Pareto who offered the original modern account of post truth in terms of the circulation of elites The defining feature of post truth is a strong distinction between appearance and reality which is never quite resolved and so the strongest appearance ends up passing for reality The only question is whether more is gained by rapid changes in appearance or by stabilizing one such appearance Post Truth plays out what this means for both politics and science

Post-Truth Matthew d'Ancona, 2017-05-11 Welcome to the Post Truth era a time in which the art of the lie is shaking the very foundations of democracy and the world as we know it The Brexit vote Donald Trump s victory the rejection of climate change science the vilification of immigrants all have been based on the power to evoke feelings and not facts So what does it all mean and how can we champion truth in in a time of lies and alternative facts In this eye opening and timely book Post Truth is distinguished from a long tradition of political lies exaggeration and spin What is new is not the mendacity of politicians but the public s response to it and the ability of new technologies and social media to manipulate polarise and entrench opinion Where trust has evaporated conspiracy theories thrive the authority of the media wilt and emotions matter more than facts Now one of the UK s most respected political journalists Matthew d Ancona

investigates how we got here why quiet resignation is not an option and how we can and must fight back **Post-Truth**

Raúl Linares-Peralta, Juan Antonio Nicolás, 2024-07-29 In an era where misinformation proliferates across various channels this collection of essays emerges as a vital resource for understanding and addressing this complex phenomenon Stemming from the International Congress of Post truth held in Granada this anthology features contributions from scholars and practitioners spanning communication politics technology philosophy history law and education Through interdisciplinary dialogue the collection navigates the intricacies of post truth exploring its sociocultural technological and epistemological dimensions With chapters organized into distinct sections readers delve into the intersections and differences between a wide range of disciplines Assembled with expertise and rigor this anthology provides insights into the challenges of our post truth age and underscores the importance of collaborative efforts in promoting truth oriented discourse Aimed at researchers policymakers educators and media professionals this volume serves as a cornerstone for ongoing dialogue and action in confronting the complexities of post truth in today s society *The Post-Truth Era* Ralph Keyes, 2004-10-03 Politicians aren t the only ones who lie The bestselling author of *Is There Life After High School* explains America s unusually high tolerance for deceit **Hannah Arendt and Post-Truth Politics** Samara Schmidt, 2025-09-11 Bachelor Thesis from the year 2025 in the subject Politics General and Theories of International Politics grade 1 1 Free University of Berlin Otto Suhr Institut f r Politikwissenschaft language English abstract The emergence of post truth politics a political culture in which emotional appeals subjective beliefs and deliberate falsehoods overshadow objective facts has fundamentally challenged the foundations of liberal democracies The destabilization of truth is not merely a byproduct of the digital age or mass media manipulation but represents a deeper erosion of trust in institutions and authority In this context the deliberate use of disinformation and the fragmentation of the public sphere have heightened political polarization making it increasingly difficult to establish common ground These developments call for theoretical frameworks to diagnose and address this phenomenon Hannah Arendt s political philosophy offers precisely such a framework Her exploration of the fragile nature of factual truth the role of organized lying in reshaping public perception and the significance of authority and the public sphere sheds light on the dynamics of post truth politics Arendt s reflections not only elucidate how the systematic denial of truth destabilizes public trust but also demonstrate how this denial fractures the coherence of a shared political reality leaving societies vulnerable to manipulation and authoritarian tendencies This thesis argues that Arendt s distinctions between factual and rational truth her critique of the loss of authority and her conceptualization of the public sphere as a space for dialogue and plurality offer an indispensable lens for understanding post truth politics It explores how contemporary disinformation strategies parallel the mechanisms Arendt identified in totalitarian regimes and how these strategies contribute to democratic backsliding It further examines how these ideas provide insight into contemporary developments such as the deliberate delegitimization of factual truth in public discourse exemplified by Donald Trump s

rhetoric on fake news By engaging with Arendt's work conceptually this thesis seeks to deepen our understanding of the underlying forces driving post truth politics and their implications for democratic stability **Post-Truth?** Jeffrey Dudiak,2022-02-28 In Post Truth Facts and Faithfulness Jeffrey Dudiak explores the fissures and fractures that vex our so called post truth era searching for a deeper dare we say truer understanding of the cultural forces that have led North American society to become so polarized Eschewing the kind of easy responses that trade pluralistic solidarity for tribalistic certainty Dudiak diagnoses a deeper breakdown in social trust as the underlying issue that has everyone today scurrying for comforting ideological cover In this context Dudiak reminds the reader that truth is more and runs deeper than simple correspondence to the facts **Digital Papyrology III** Nicola Reggiani,2024-12-16 In the ever growing and evolving field of Digital Papyrology intending both the set of electronic tools for papyrological research and a new way of representing our knowledge of the Greek papyri in digital environments a focal current issue is the digital critical edition of the papyrus texts Since new perspectives are emerging involving co occurring phenomena like the scribal writing act the materiality of the writing medium the linguistic background which affect our global comprehension of the papyri beyond the traditional dichotomy text context scholars are increasingly feeling the limits of the printed editions and of their simple digital reproductions Several projects are proposing new looks at the papyri as cultural artefacts implementing annotation layers adding valuable information to the very texts They mostly deal with linguistics palaeography documentary typology paging layout material features and attempt to integrate the traditional editorial platform Papyri info with new data clusters or even new editorial platforms The volume investigates and discusses such new trends with the final goal of outlining the digital critical edition of the Greek papyri as an interconnected network of information Social Science I Cahit ASLAN,Özlem AYDOĞMUŞ ÖRDEM,2019-03-26 *Science, Technology, Policy and International Law* Justo Corti Varela,Paolo Davide Farah,2024-10-02 This book presents innovative insights into the intersections between science technology and society and particularly their regulation by the law Departing from the idea that law and science have similar methods and objectives the book deals with problems and solutions that source from these interactions concerns on how to integrate scientific evidence into trials how to best regulate new technologies or whether technological innovations could improve democratic legitimacy create new regulatory tools or even new spaces of regulation and what is the impact on the society The edited collection by building on a functionalist and comparatist approach offers answers to how to best integrate law science and technology in policy making and reviews the current attempts made at the transnational and international levels Case studies ranging from emerging technologies via environmental protection to statistics are complemented by a solid theoretical framework all of which seek to provide readers with tools for critical thinking in the reassessment of the relationship among theory practice political goals and international regulation New Media Users in China I Peng Lan,2023-09-29 As the first volume of a two volume set on new media users in China this book approaches the subject from a macro level by regarding users as

constructive nodes within networks thereby giving insights into the interaction between users and new media and among individuals within the ambit of new media The author revisits the roles of the typical new media user that has changed from that of a passive audience member to a basic unit of the network itself acting as both a node in the communication network social network and service network and also a link between the three In viewing users as nodes functioning in communication networks and social networks this volume unravels the new landscapes of communication of the new media era and the consequent profound changes in social relationships interpersonal connection modes and different methods of interaction In terms of their role in service networks resting upon the network economy new media users not only are consumers with personalized needs but also serve as service guides resource contributors and even major productive forces This title will be a must read for scholars students and media professionals interested in the topics of internet communication new media usage and media and society as a whole

Public Value Theory and Budgeting Usman W. Chohan, 2019-05-22

Public value theory has advanced over the past 30 years but there is a need to extend its boundary outwards into new contexts and update its discourse to reflect new social challenges We are now trying to create value in a globalized world with supranational entities with new international alliances and institutions in a frightening post truth era How can public managers grapple with these emerging realities This book seeks to provide answers to such public value questions by applying powerful budgeting perspectives Using case studies of independent budget offices key fiscal instruments and leading public value frameworks this book stands out in its use of budgetary lenses to answer pertinent questions about the multidimensional processes of value creation by and for a wider society Pushing the debate on public value forward and taking it onto the global stage the book asks whether public value and other public administration theories are applicable beyond the traditional context of the pro globalization Western liberal democracies in which they were conceived It does this by exploring the realms of developing countries supranational entities and post Communist societies among others Finally it presents these explorations in light of very recent sociopolitical trends and phenomena including the growth of civil society the global financial crisis the illiberal democracy and the post truth era Tailored to an audience comprising public administration scholars students of government budget practitioners and social scientists interested in contemporary problems of values in society this book helps to advance public administration thought by extending public value theory into new contexts and relating it to the growing global challenges of public life

Trumping the Media Michael Mario Albrecht, 2022-08-11

The ascendancy of Donald J Trump to the office of president was not a fluke Changes in the media environment and changes in the political landscape converged and provided fertile ground for a demagogic populist to exploit existing structures for his personal and political gains A right wing ecosystem had developed that included cable television talk radio social media and imageboards The political rise of Trump occurred alongside a mainstreaming of far right politics and a skepticism towards long established institutions Trump was able to exploit the shifts in politics and the

media environment for his political gain He deployed a post truth strategy that challenged established media and political institutions and their claims to be arbiters of truth and protectors of democracy This book explores the shifts in the media environment that made the political career of Donald Trump possible The author shows the ways that Trump was able to inhabit the new media and political landscape and take advantage of journalistic norms and practices that were susceptible to exploitation by a demagogue with no allegiance to the truth and no reverence towards the foundations of liberal democracy Understanding the ways in which Trump was able to emerge as a powerful political force is essential to those invested in challenging the momentum of the alt right and forwarding the project of democracy Slanted Truths Kateri Mary Carmola,1999 **Facts and Other Lies** Ed Coper,2022-02-01 From fringe conspiracy theories to alternative facts a timely look at how we arrived in the fake news era Would your younger self believe the news of today An entire city block blown up by a suicide bomber on Christmas Day because he believed phone towers spread disease A Representative elected to the US Congress on a platform that Democrats are secretly harvesting an anti aging chemical from the blood of abused children Angry rioters in furs and horns overrun the Capitol in a bloody carnage of insurrection The Prime Minister of Australia employing the wife of his friend who fronts a group the FBI has declared terrorists A global pandemic which even as they lie dying from it people refuse to believe exists Many who sat in shocked disbelief as these events beamed around the world asked the same question How did we get here For those rioters it was the culmination of a journey of online radicalisation that began with the weaponisation of disinformation by their political leaders and outrageously biased news commentators Facts and Other Lies puts fake news in its historical context and explains how disinformation has fractured society even threatening democracy itself It explains why disinformation is so potent and so hard to stop and what we can do to help prevent its proliferation in Australia where politicians and shock jocks are already operating from the same dark playbook It outlines how anyone can defuse disinformation in the home office or pub or wherever the deluded gather to spread their nonsense Be prepared This is a timely account of a growing malignancy affecting all modern democracies Kevin Rudd former Prime Minister of Australia Ed Coper keenly explains how lying has been normalised in right wing media both social and mainstream The Trump inspired attack on the US Capitol on 6 January is just one consequence Coper deftly shows us what is to be done and offers some real solutions to restore trust in public discourse Malcolm Turnbull former Prime Minister of Australia Fascinating and terrifying illuminates so much about humans and social media Bri Lee author of Who Gets to Be Smart Read this book if you want to save democracy Wayne Swan former Deputy Prime Minister of Australia Few have mapped our information dystopia more effectively and entertainingly than Coper Bernard Keane Politics Editor Crikey Essential reading for anyone wanting to cut through the nonsense and get to the truth Eason Jordan former Chief News Executive CNN We live in a world that unfolds at a pace and with the violent twists and turns in the plot of a thriller This book captures the intensity of our politics and connects it to the science of misinformation a great read Professor Stephan

Lewandowsky Chair in Cognitive Psychology University of Bristol **How to save politics in a post-truth era** Ilan Zvi Baron, 2018-02-15 The rise of populism Donald Trump's election and the result of the EU referendum in the UK have been widely interpreted as a rejection of the post war liberal order the manifestation of a desire to undermine the political system that people feel has let them down Yet mainstream politicians and analysts have been slow to grasp the changing situation instead relying on a rhetoric of hard data and narrow economic arguments while failing to properly engage with the politics of identity This book argues that the relationship between methodology and politics is now more important than ever that politics if it is anything is about engaging with people's interpretations and narratives of the world in which they find themselves Politics in this new post truth era will require an appreciation of the fact we live in an uncertain world of endless diversity and potential for change This thoughtful book addresses how we might think about and do politics in these strange new times

Social Media and the Post-Truth World Order Gabriele Cosentino, 2020-03-16 This book discusses post truth not merely as a Western issue but as a problematic political and cultural condition with global ramifications By locating the roots of the phenomenon in the trust crisis suffered by liberal democracy and its institutions the book argues that post truth serves as a space for ideological conflicts and geopolitical power struggles that are reshaping the world order The era of post truth politics is thus here to stay and its reach is increasingly global Russian trolls organizing events on social media attended by thousands of unaware American citizens Turkish pro government activists amplifying on Twitter conspiracy theories concocted via Internet imageboards by online subcultures in the United States American and European social media users spreading fictional political narratives in support of the Syrian regime and Facebook offering a platform for a harassment campaign by Buddhist ultra nationalists in Myanmar that led to the killing of thousands of Muslims These are just some of the examples that demonstrate the dangerous effects of the Internet driven global diffusion of disinformation and misinformation Grounded on a theoretical framework yet written in an engaging and accessible way this timely book is a valuable resource for students researchers policymakers and citizens concerned with the impact of social media on politics

The Great Undoing Sharlene Allsopp, 2024-01-31 WINNER OF THE UNIVERSITY OF QUEENSLAND FICTION BOOK AWARD SHORTLISTED FOR THE COURIER MAIL PEOPLE'S CHOICE QUEENSLAND BOOK OF THE YEAR AWARD Sharlene Allsopp's *The Great Undoing* is groundbreaking storytelling truth telling that pierces the reader's heart as it asks how do you interpret silence The breathtaking scope of this beautifully written debut novel and its unique ambitious and powerful navigation of the contested borders between history and fiction truth and lie archive and heresy will stay with me It is the kind of book that after reading makes you want to write to the author to say THANK YOU Holly Ringland author of *The Lost Flowers of Alice Hart* and *The Seven Skins of Esther Wilding* Sharlene Allsopp's debut novel is a remarkable achievement Through the art of great storytelling she challenges us to respond to a threat to our very existence our understanding of who we are where we come from and the knowledge systems that will bind us into the future *The Great*

Undoing is a book for all time our past present and an increasingly precarious future Tony Birch author of *The White Girl* and *Women* between reality and fantasy and will make you question everything you think you know about Australia Melanie Seward author of *Burn* Sharlene Allsopp has created a work of fearless generosity that charts the progress of a future undoing tugging at the seams of both personal and societal remembering *The Great Undoing* is a story to be lingered inside of dog eared gifted and cherished *The Wheeler Centre* A bold imaginative and elegantly crafted novel that weaves a page turning plot with a poignant exploration of how our histories are told and by whom *The Great Undoing* is a triumph Allsopp has such a strong voice and her writing is rich with insight and empathy Carody Culver editor of *Griffith Review* Powerful and beautiful *The Great Undoing* is an intelligent heartfelt exploration of the complexities of belonging and recorded history You won't be able to put this book down Mirandi Riwoe award winning author of *Stone Sky Gold Mountain* and *Sunbirds* *The Great Undoing* is a remarkable book Books Publishing

Disinformation Donald A. Barclay, 2022-04-15 Does the idea of a world in which facts mean nothing cause anxiety Fear Maybe even paranoia *Disinformation: The Nature of Facts and Lies in the Post Truth Era* cannot cure all the ills of a post truth world but by demonstrating how the emergence of digital technology into everyday life has knitted together a number of seemingly loosely related forces historical psychological economic and culture to create the post truth culture *Disinformation* will help you better understand how we got to where we now are see how we can move beyond a culture in which facts are too easily dismissed and develop a few highly practical skills for separating truth from lies *Disinformation* explains How human psychology the very way our brains work can leave us vulnerable to disinformation How the early visions of what a global computer network would and should be unintentionally laid the groundwork for the current post truth culture The ways in which truth is twisted and misrepresented via propaganda and conspiracy theories How new technology not only spreads disinformation but may also be changing the way we think The ways in which the economics of information and the powerful influence of popular culture have contributed to the creation of the post truth culture Unlike the far too numerous one sided politically ideological treatments of the post truth culture *Disinformation* does not seek to point the finger of blame at any individuals or groups instead its focus is on how a number of disparate forces have influenced human behaviors during a time when all of humanity is struggling to better understand and more effectively control for better or worse challenging new technologies that are straining the limits of human intellectual and emotional capacity

Post-Truth Geographies Barney Warf, 2023-09-05 This book explores the geographical dimensions and implications of the post truth era Opening with a defense of the Enlightenment and the continued significance of science objectivity and truth it then provides three key perspectives on the concept The first is a philosophical analysis of post truth Social theory in various forms has sutured knowledge and power in the process relativizing the nature of truth This process reaches its apogee under post modernism which questions the very nature of truth itself The second is the examination of the historical origins and development of the post truth world While post truth has a history that can be

traced back to the 18th and 19th centuries more recently it has growth prolifically through the use of social media The book examines post truth as it appears in the yellow journalism of the Hearst newspapers Holocaust denial and contemporary attacks on science itself e g the anti vaccine movement denial of evolution Post truth becomes a central issue in Western politics following Brexit and the election of Donald Trump who uses it frequently to advance a reactionary political agenda Russian hackers weaponize it to interfere in the politics of Europe and the U S Fox News and other right wing outlets also play a central role One result is the proliferation of unfounded conspiracy theories such as QAnon Today autocrats and dictators the world over use fake news to maintain their power Finally this book links the rise of a post truth society to the dynamics of contemporary economic geography Knowledge intensive capitalism has greatly elevated the significance of symbolic workers or the creative class Geographically contemporary capitalism has accentuated the agglomeration of producer services in large urban areas in which such workers labor Conversely rural areas and small towns have largely become repositories of the undereducated and thus are more susceptible to fake news

Post Truth Era Introduction

In today's digital age, the availability of Post Truth Era books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Post Truth Era books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Post Truth Era books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Post Truth Era versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Post Truth Era books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Post Truth Era books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Post Truth Era books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course

materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Post Truth Era books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Post Truth Era books and manuals for download and embark on your journey of knowledge?

FAQs About Post Truth Era Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
