*Dangerous Love* Chad Ford, 2020-06-23 Chad Ford reminds us that humanity lies within all of us and although conflict is everywhere in today's world we have the tools we need to overcome obstacles and to thrive This is a fantastic timely book that I highly recommend Steve Kerr Head Coach Golden State Warriors Knowing how to transform conflict is critical in both our personal and professional lives Yet by and large we are terrible at it The reason says longtime mediator Chad Ford is fear When conflict comes our instincts are to run or fight To transform conflict Ford says we need to turn toward the people we are in conflict with put down our physical and emotional weapons and really love them with the kind of love that leads us to treat others as fellow human beings not as objects in our way We have to open ourselves up with no guarantee that anyone on the other side will do the same While this can feel even more dangerous than conflict itself it allows us to see the humanity of others so clearly that their needs and desires matter to us as much as our own Ford shows dangerous love in action through examples ranging from his work in the Middle East to a deeply moving story about reconciling with his father He explains why we disconnect from people at the very time we need to be most connected and the predictable patterns of justification and escalation that ensue Most importantly he gives us a path to practice dangerous love in the conflicts that matter most to us
