

Red Army General

Jin-Ying Zhang

Red Army General:

Red Army General Tony O'Neill, 2004 Tony O'Neill has for thirty years been one of the most famous faces in the biggest soccer crew in England. Tarr'd by the police as the ringleader of Manchester United's massive hooligan following, he is a true legend of the terraces. This is his story, the first inside account ever written about the notorious Red Army. **Fallen Soviet Generals** Aleksander A. Maslov, 2016-01-20 No war has caused greater human suffering than the Second World War on Germany's Eastern Front. Victory in the war cost the Red Army over 29 million casualties whose collective fate is only now being properly documented. Among the many millions of soldiers who made up that gruesome toll were an unprecedented number of Red Army general officers. Many of these perished on the battlefield or in prison camps at the hands of their German tormentors. Others fell victim to equally terrifying Stalinist repression. Together these generals personify the faceless nature of the war of the Eastern Front, the legions of forgotten souls who perished in the war. Covered up for decades, the saga of these victims of war can now be told, and in this volume A. A. Maslov begins the difficult process of memorializing these warrior casualties. Using formerly secret Soviet archival materials and personal interviews with the families of the officers, he painstakingly documents the fate of Red Army generals who fell victim to wartime enemy action. **From Tsarist General to Red Army Commander** Bruyevich M. Bonch, 1966 **Red Army General** Tony O'Neill, 2005-06-01 Manchester United's Red Army was the most notorious hooligan mob British football has ever seen. Thousands strong, this huge tribe of disaffected youths laid siege to town centres and soccer grounds across the country and became a byword for violent disorder. Tony O'Neill was there from the beginning and became its most prominent face. Barely in his teens when he set out from the largest council estate in Europe to follow the Red Devils, his ferocity in street combat and his force of personality soon made him a leader. Running trips in his infamous War Wagon, he became so renowned that he was invited to a sit-down meeting with the Government to discuss the hooligan problem. After serving a jail term, O'Neill emerged to lead the casuals of the 1980s against an even tougher generation of opponents: West Ham's ICF, the Chelsea Headhunters, the Leeds Service Crew, and the scally armies of Merseyside. Police intelligence files labelled him a prime mover, and he became the target of a huge undercover investigation. *Red Army General* is the most authoritative account ever written of the wild years when terrace terror reached its peak. **BRITAIN'S No 1 FOOTBALL THUG** Daily Mirror **BRITAIN'S WORST SOCCER YOB** The Sun **Sacrifice of the Generals** Michael Parrish, 2004-06-24 It also includes a preface that contributes important contextual information on personnel organization and losses of the Soviet Army, essays containing extensive bibliographies, and a foreword by John Erickson, the foremost Western historian of the Soviet armed forces. This unique research tool greatly increases our understanding of the Soviet Union's mighty World War II effort and related Stalinist politics during its greatest hour. Based on the latest declassified sources, Parrish combines into one volume crucial information that has been widely scattered among many different locations and difficult to access. Jacket *Handbook on U.S.S.R. Military Forces*, 1945

General Staffs and Diplomacy before the Second World War Adrian Preston,2021-11-21 This book first published in 1978 examines the influence of the General Staffs upon the diplomacy of appeasement and rearmament between 1931 and 1941 The great question of European security and order and their breakdown and the outbreak of the second world war are examined here through the eyes of Cabinets and Foreign Offices as well as through the eyes of Chiefs of Staff Operation Barbarossa David M Glantz,2011-09-30 On 22 June 1941 Hitler unleashed his forces on the Soviet Union Spearheaded by four powerful Panzer groups and protected by an impenetrable curtain of air support the seemingly invincible Wehrmacht advanced from the Soviet Union s western borders to the immediate outskirts of Leningrad Moscow and Rostov in the shockingly brief period of less than six months The sudden deep relentless German advance virtually destroyed the entire peacetime Red Army and captured almost 40 percent of European Russia before expiring inexplicably at the gates of Moscow and Leningrad An invasion designed to achieve victory in three to six weeks failed and four years later resulted in unprecedented and total German defeat David Glantz challenges the time honoured explanation that poor weather bad terrain and Hitler s faulty strategic judgement produced German defeat and reveals how the Red Army thwarted the German Army s dramatic and apparently inexorable invasion before it achieved its ambitious goals Companion to Endgame at Stalingrad David M. Glantz,2014-06-09 In Endgame at Stalingrad the final volume of his acclaimed Stalingrad Trilogy David Glantz completes his definitive account of one of World War II s most infamous confrontations the campaign that marked Germany s failure on the Eastern Front and proved to be a turning point in the war In documenting the last days of the Stalingrad campaign in particular the Red Army s counteroffensive known as Operation Uranus Glantz takes on a plethora of myths and controversial questions surrounding these events in particular questions about why Operation Uranus succeeded and the German relief attempts failed whether the Sixth Army could have escaped encirclement or been rescued and who finally was most responsible for its ultimate defeat In addition to a wide variety of traditional sources this volume makes use of two major categories of documentary materials hitherto unavailable to researchers The first consists of extensive records from the combat journal of the German Sixth Army which had been largely missing since the war s end and were only recently rediscovered and published The second is a vast amount of newly released Soviet and Russian archival material including excerpts from the Red Army General Staff s daily operational summaries a wide variety of Stavka High Command People s Commissariat of Defense NKO and Red Army General Staff orders and directives and the daily records of the Soviet 62nd Army and its subordinate divisions and brigades for most of the time fighting was underway in Stalingrad proper Because of the persistent controversy and mythology characterizing this period many of these documents are included verbatim in English translation in this companion volume providing concrete evidence in support of the conclusions put forward in Volume Three As such the Companion contributes substantially to this final volume s unprecedented detail and fresh perspectives interpretations and evaluations of the later stages of the Stalingrad campaign **The Battle for**

Leningrad David M. Glantz, 2002 Based on an unparalleled access to Russian archival sources and going far beyond the military aspects of other historical works Glantz's book is a testament to the nearly two million Russians who lost their lives during the battle for Leningrad 90 illustrations 16 maps **Information Bulletin**, 1946 Van Norden, 1909 **Review of Current Military Literature**, 1990 **The Empire Review** Clement Kinloch Cooke, 1902 **The Esthonian Review**, 1919 The Outlook Lyman Abbott, Hamilton Wright Mabie, Ernest Hamlin Abbott, Francis Rufus Bellamy, 1909 *The New International Year Book*, 1926 **Sharing Secrets with Stalin** Bradley F. Smith, 1996 As engaging as it is astonishing this book provides extremely important revelations and striking pen portraits etched in acid of the main actors Certainly the sources are fabulous John Erickson author of *The Road to Stalingrad* A well written account filled with original material and documentation Good reading for anyone interested in the history of WWII intelligence Publishers Weekly starred review **Journal of the American Asiatic Association**, 1920 *The Communist Review*, 1923

Enjoying the Song of Phrase: An Psychological Symphony within **Red Army General**

In a world taken by displays and the ceaseless chatter of instantaneous communication, the melodic elegance and emotional symphony produced by the written term usually fade in to the back ground, eclipsed by the constant noise and interruptions that permeate our lives. However, situated within the pages of **Red Army General** a wonderful literary prize overflowing with fresh thoughts, lies an immersive symphony waiting to be embraced. Constructed by an elegant composer of language, this fascinating masterpiece conducts readers on a psychological journey, well unraveling the hidden tunes and profound affect resonating within each carefully constructed phrase. Within the depths with this poignant review, we can explore the book is main harmonies, analyze its enthralling publishing fashion, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
