**1** **Peace, no armed conflict**  
Peace, based on democracy and respect for human rights, prevails. Conflicts exist on different levels and are resolved without resorting to violence or repression.

**2** **Tensions**  
Tangible tensions manifest in violent clashes or state repression. At all societal levels, people increasingly resort to violence to resolve conflicts or disputes.

**3** **Armed conflict without peace intent**  
Violent conflict has broken out. The parties to the conflict have no intentions to resolve the conflict without violence but focus on military victory.

**6** **Peace negotiations**  
Formal peace negotiations based on specific agendas are taking place. Humanitarian or ceasefire agreements may be reached to create trust between the negotiating parties.

**5** **Beginning talks**  
Preparations are underway for official peace negotiations. The circumstances and conditions for these to be held are being negotiated.

**4** **Armed conflict with peace intent**  
Despite the ongoing armed conflict, the parties show willingness to negotiate, and a critical mass of the population is actively calling for a non-violent solution to the conflict.

**7** **Peace agreement**  
Successful peace negotiations conclude with a formal agreement, comprehensive or partial, signed by the parties to the conflict. Sub-groups might continue violent action.

**8** **Implementation of a peace agreement**  
The short- to medium-term implementation of an agreement focuses on disarmament, demobilisation and reintegration, establishes new structures and addresses truth-finding.

**9** **Post-conflict reconciliation**  
The long-term quest for structural transformation allows for truth, transitional justice, reconciliation, reparation, finding missing persons and guarantees of non-recidivism.
