Table 1: Introduction, Constraints and Program Name (Steps 1-3)

<p>Introduction Provide a short introduction to the recreation program and evaluation plan.</p>	<p>The recreational program that will be outlined in this evaluation plan is The Boys & Girls Athletic Club. This recreational program can be explained as a weekly "gym class" for individuals of all ages to enjoy recreation and leisure activities. However, the initial launch of the BGAC will be tailored to older individuals looking for consistent and enjoyable recreational activities (Ages 21 – 60). The members of the BGAC will be joining a program that offers physical activity, team orientated sports, engagement with other like-minded individuals and a public space to develop new interests/hobbies. We will evaluate if the program has been successful by developing short- and long-term questions. The questions will be answered to evaluate possible program outcomes, the effect of constraints to participating individuals and if the recreational plan was successful. I look forward to introducing the idea.</p>
