

Preface

- Empathy is a psychological and philosophical name used to take care of patients, but there is no such word in the Bible whether it is in Chinese or English. And God created each person differently, plus each person's family of origin, their experience after birth is different, and there are differences between men and women. So it is actually difficult or almost impossible for a person to understand what other people are going through. But God knows everyone, so if we have empathy, we must pay close attention to god. Hence, we rely heavily on God to use his mighty power to allow us to have empathy, so I will give an example of empathy at the end.
