Robsons Guide:

Mount Robson Jane Lytton Gooch, 2013 When Jane Gooch first camped at Lake O Hara in 1975 she could not have foreseen how important the Rockies would become in her life She travelled from her home in Vancouver many times during the summer months to hike in the mountains and her love of the alpine landscape eventually inspired her to study the artists who have painted in the Rockies Her great enjoyment of the outdoors and a lifelong interest in art were combined with her academic background in writing and research Mount Robson Spiral Road of Art celebrates the centennial of Mount Robson Provincial Park with over a century of remarkable landscape paintings inspired by the Robson region in the Canadian Rockies This volume includes an extensive Introduction with historical and cultural background to the 50 colour plates all documented and described illustrating artists works in a variety of styles and media from 1907 2012 Early artists include A P Coleman the first explorer and Group of Seven members A Y Jackson and Lawren Harris In addition the works of 17 contemporary artists show that the Mount Robson area continues to stimulate landscape art up to the present Only 10 of the images have been published before

Benjamin Disraeli Letters Benjamin Disraeli, 1982-04-01 The 334 letters in this volume cover the period from Disraeli's establishment in the Tory camp under the patronage of Lord Lyndhurst to his election to parliament in 1837 The most important issue to which they speak is the course of Disraeli's political ambitions In 1835 the road to parliament was not yet clear for he continued to be haunted by troubles from his past He was beset by charges of opportunism in his Taunton campaign of 1835 and the longest letters here are those to Edwards Beadon written in justification of past conduct Disraeli had still to learn the truth of his later dictum never explain Also debts contracted many years before continued to plague him as they would in years to come He was tempted by a variety of money making schemes and the later correspondence makes clear just how close he came to permanent ruin at the hands of his creditors in the spring of 1837 Had the fate of debtors prison materialized it is doubtful that he would ever have been eligible in law or in reputation for a parliamentary career Disraeli's eventual election for Maidstone in the summer of 1837 marked the emergence of his formal public role Because he set out early and was a long time in attaining his goals one is tempted to laud his patience But the record here suggests that it was instead a matter of energy and endurance This volume of the Letters brings Disraeli to the threshold of the Victorian era and the beginning of his career as a politician In late 1837 he failed in his maiden speech but all major successes lay ahead
