Nobodys Victim:

Nobody's Victim Carrie Goldberg, 2019-08-13 Nobody's Victim is an unflinching look at a hidden world most people don't know exists one of stalking blackmail and sexual violence online and off and the incredible story of how one lawyer determined to fight back turned her own hell into a revolution We are all a moment away from having our life overtaken by somebody hell bent on our destruction That grim reality gleaned from personal experience and twenty years of trauma work is a fundamental principle of Carrie Goldberg's cutting edge victims rights law firm Riveting and an essential timely conversation starter Nobody's Victim invites readers to join Carrie on the front lines of the war against sexual violence and privacy violations as she fights for revenge porn and sextortion laws uncovers major Title IX violations and sues the hell out of tech companies schools and powerful sexual predators Her battleground is the courtroom her crusade is to transform clients from victims into warriors In gripping detail Carrie shares the diabolical ways her clients are attacked and how she through her unique combination of advocacy badass relentlessness risk taking and client empowerment pursues justice for them all There are stories about a woman whose ex boyfriend made fake bomb threats in her name and caused a national panic a fifteen year old girl who was sexually assaulted on school grounds and then suspended when she reported the attack and a man whose ex boyfriend used a dating app to send more than 1 200 men to ex's home and work for sex With breathtaking honesty Carrie also shares her own shattering story about why she began her work and the uphill battle of building a business While her clients are a diverse group from every gender sexual orientation age class race religion occupation and background the offenders are not They are highly predictable In this book Carrie offers a taxonomy of the four types of offenders she encounters most often at her firm assholes psychos perverts and trolls If we recognize the patterns of these perpetrators she explains we know how to fight back Deeply personal yet achingly universal Nobody's Victim is a bold and much needed analysis of victim protection in the era of the Internet This book is an urgent warning of a coming crisis a predictor of imminent danger and a weapon to take back control and protect ourselves both online and off

Nobody's Victim Christopher J. McCullough, 1995 Dr Christopher McCullough explains in this compassionate and enlightening look at the phenomenon that has created what some have dubbed a nation of victims calling ourselves victims ultimately does more harm than good With telling examples from his years of private practice Dr McCullough shows that rather than helping us find satisfying answers to life's ultimate issues therapy and recovery programs under the guise of alleviating pain actually reinforce our inadequacies supporting the larger social myth If you suffer in some way there is something wrong with you Psychotherapy's fascination with labels McCullough asserts falsely assigns disorders where none exist pathologizing our suffering rather than addressing its source In Nobody's Victim Dr McCullough presents a new way of looking at the issue of victimhood Victimhood he tells us is not the natural consequence of abuse It is our attitude toward the abuse that determines whether or not we feel like a victim By expanding our understanding of freedom Dr McCullough offers

more lasting and authentic ways to escape the victimhood trap showing that living our freedom with its attendant responsibilities is the true path to becoming nobody's victim

Feminism in Practice Karen A. Foss, Sonja K. Foss, Alena Amato Ruggerio, 2021-09-23

Feminism in Practice uses feminism as a blueprint for exploring change strategies. It features twenty contemporary feminists from diverse arenas including activists, comedians, musicians, politicians, poets, and showrunners. The women come to life through line drawings, brief biographies, extensive quotations, their definitions of feminism, and the change strategies they employ. Questions for reflection encourage readers to think through their own relationship to feminism and change.

Chapter 1 defines feminism, raising issues with the typical definition of feminism as the effort to achieve equality between women and men. It concludes with a description of over twenty types of feminism. Chapter 2 describes the triggering events, happening places, and key ideas of the four waves of feminism. The opening chapters provide a comprehensive understanding of the diversity and complexity of feminist movement. The book is organized around five primary objectives that animate contemporary change efforts: proclaiming identity, naming a problem, enriching a system, changing a system, and creating an alternative system. Each objective is developed through theoretical assumptions and twelve change strategies that show it at work in feminist movement.

Feminism in Practice also serves as a practical handbook that readers can use to experiment with the strategies and expand their toolkits for creating change in their lives and worlds. The authors are uniquely qualified to explore issues of feminism and change. Karen Foss and Sonja Foss are second-wave feminists who have written extensively on alternative change strategies, feminist communication, and feminist theory. Alena Ruggerio brings to the project the standpoint of a third-wave feminist at home in pop culture. Her scholarship lies at the intersection of rhetoric, feminism, and religious studies.

Darkmans Nicola Barker, 2009-10-13. Hilarious and erudite, spooky and unconventional. Darkmans is a dazzling achievement. Washington Post Shortlisted for the Man Booker Prize. Darkmans is an exhilarating, extraordinary examination of the ways in which history can play jokes on us all. If history is just a sick joke which keeps on repeating itself, then who exactly might be telling it, and why? Could it be John Scogin, Edward IV's infamous court jester whose favorite pastime was to burn people alive for a laugh? Or could it be Andrew Boarde, Henry VIII's physician who kindly wrote John Scogin's biography? Or could it be a tiny Kurd called Gaffar whose days are blighted by an unspeakable terror of uh salad? Or a beautiful bulimic harpy with ridiculously weak bones? Or a man who guards Beckley Woods with a Samurai sword and a pregnant terrier? Darkmans is a very modern book set in Ashford, a ridiculously modern town about two very old-fashioned subjects: love and jealousy. It's also a book about invasion, obsession, displacement, and possession, about comedy, art, prescription drugs, and chiropody. And the main character? The past which creeps up on the present and whispers something

quite dark quite unspeakable into its ear The third of Nicola Barker's narratives of the Thames Gateway Darkmans is an epic novel of startling originality Sexual Abuse in America Robert E.
