1970s and 1980s Sally Banes enjoyed an incomparable perspective on the development of what she describes as the mongrel elusive indefinable genre of performance art In fact Banes was present during a crucial point in that development when a previously marginalized form took quite literally center stage and emerged as the preeminent form of avant garde activity Her reviews and articles explore the work of established artists such as Meredith Monk Robert Wilson Ping Chong and Joan Jonas events by the Bread and Puppet Theater Robert Whitman Charlotte Moorman and Chris Burden revivals of classic avant garde performances and the emergence of famous and some notorious performers such as Anne Bogart Karen Finley Spalding Gray Steve Buscemi Tim Miller and Whoopi Goldberg The depth and breadth of Banes s criticism realizes not only the continuing growth and development of American performance but also the complex and sometimes surprising intersection of performance with the other side of the art life divide the paratheater of Japanese tea ceremonies cat shows circuses art exhibits and amateur nights at the Apollo Banes s work recognizes the crucial importance of the critic as a situated self that must understand not only the concepts and techniques of avant garde art but the rich textures of the community spaces in which that art occurs Much as her earlier book Greenwich Village 1963 Avant Garde Performance and the Effervescent Body captured the elusive artistic communities of America s postwar avant garde activity Subversive Expectations revels in the invigorating energies of Soho The author s approach to this complex matrix of art community and culture is as interdisciplinary as performance itself drawing on the histories and theories of painting photography dance theater and folklore Her vivid descriptions of ephemeral events and her provocative interpretations fill a gap in the history of contemporary performance when the avant garde met the mainstream
