Hostile Takeover S. Andrew Swann, 2004-11-02 Now in an omnibus edition the Hostile Takeover trilogy introduces a planet where the only laws are those of self preservation and profit Bakunin is a world with a law unto itself the only human colonized planet that has consistently refused to join the Terran Confederacy or permit any form of organized government to take root When the TEC the covert operations and enforcement branch of the Confederacy decides to do something about Bakunin Colonel Klaus Dacham is the man they put in charge His opening target is Dominic Magnus the head of Godwin Arms and Armament Though Dom loses the first battle he his allies and his surviving employees carefully plan their own return strike Until they receive a desperate message from one of their own revealing what the TEC is really up to on Bakunin Suddenly the stakes are far beyond personal revenge Bakunin is about to become an unwitting pawn in a Confederacy wide power struggle And to the mastermind behind the entire plan it doesn't really matter whether anyone on the planet is left alive at the end of it so long as TEC achieves its goal

**Address of William Cargill, Esq. to the South Shields Chamber of Commerce, May 4, 1840, on the foreign policy of England** William Cargill, 1840 *The Arikara Narrative of the Campaign Against the Hostile Dakotas, June, 1876* Orin Grant Libby, 1920 *On Hostile Ground* B.A. Seloaf, 2009-06-26 The threat of the Noori the ancient enemy of the hippos of Filpini looms like a dark cloud just beyond the horizon In order to keep watch against a possible invasion king Pelyas sends his son Rumpo to establish a colony of hippos on the outskirts of the Nooris lands The Noori however seem prepared to use any means necessary to drive the intruders back The conflict turns into a vicious duel between Rumpo and the Noori commander where each is forced to use all his skill in scheming and strategic thinking and neither will yield an inch of ground without a fight In *On Hostile Ground* B A Seloaf combines epic fantasy with modern witty dialogue His characters belong to races never before featured in fantasy literature He provides the reader with both tragedy comedy romance and spine chilling thrills all woven together into a most memorable story

*Twenty Years Among Our Hostile Indians* James Lee Humfreville, 1903 [A Humanitarian Critique of International Humanitarian Law](#) Kailash Jeenger, 2025-08-28 This book offers a critical assessment of international humanitarian law by employing mainly the Third World Approaches to International Law TWAIL which encompass the critical Marxist gender critical race and post colonial theories The book contains a materialist account of the historical development of the law in order to investigate its problematic foundations and reveal how the imperialist and capitalist tendencies shaped the content of this law It discusses the history of exclusion of the Third World from the negotiations and application of the law It underscores how the law helped the colonizers maintain their domination The book also engages deeply with the negotiating history of the 1949 Geneva Conventions and the 1977 Protocols in order to understand the perspectives of the Third World and the dominating nations It further examines critically the rules and principles of international humanitarian law in order to inquire into their real character and see to what extent they fulfil the humanitarian goals especially when this

body of law is glorified and marketed in the name of International Humanitarian Law The critical analysis of the rules and principles highlights the gaps in the protection of victims of armed conflict and exposes their vague and unworkable language that often facilitates and legitimates violence The book thus questions and challenges the humanitarian face of international humanitarian law As the book offers a critical perspective it is going to be an unavoidable reference material on the subject especially for students pursuing masters doctoral and post doctoral programs The multi disciplinary nature of the subject renders the book useful in a variety of courses in social sciences and humanities at different levels The utility of the book is not confined to the academic world only and it is beneficial for international bodies humanitarian actors army officials diplomats think tanks non governmental organizations human rights activists and research organizations

**Hostile Takeover** Charissa Dufour,2018-04-10 Life doesn t always turn out as we hope Some fortunes we just can t avoid And some of those unavoidable chances threaten the very fabric of our reality Samantha Gollet has lived her life protecting the downtrodden and fighting the good fight but outside the mystical reservation she finds her life becoming increasingly attached to Darrius Halls one of Chicago s mystic businessmen which means fighting his fight But when she gives birth to a magically conceived child her priorities change And when the Djinni High Counsel come to take said child Sam has no choice but to jump through their hoops no matter what Halls says The question is When her child is safe will Halls still have her under his control

**The Home Team: Hostile Borders** Dennis Chalker, Kevin Dockery,2009-10-13 The second instalment of the Home Team series a combination of Vince Flynn and Richard Marcinko A select group of former Special Forces operators takes up arms against a Mexican cartel that s moved beyond drugs and diamonds to radioactive isotope smuggling Ex Navy SEAL Ted Reaper packed his bags for Arizona hoping to visit a good friend and catch up on some much needed relaxation But there is no rest for the weary when Reaper uncovers ties to a drug smuggling operation with ties to the Mexican military As Reaper digs deeper he discovers that his enemies to the south may be plotting to smuggle something even more dangerous than drugs across the border terrorists armed with a dirty bomb Reaper tried to do things the right way the legal way by alerting the proper government officials and letting them deal with the crisis But the military problem has a political component no one wants to dirty their hands with and Reaper is asked if he can take the point in the American response It won t be easy it won t be official it won t even be legal but if the United States is going to be able to stop a threat south of the border they are going to need to trust Ted Grim Reaper to recruit some Spec Ops buddies and win another one for the Home Team
