typography is one of those things that is a clear indication of a talented designer Being able to craft type well and
thoughtfully takes a deep understanding of the inherent complexities and a keen eye for the minute and subtle details This
book contains a collection of 1 000 instances of thoughtful type usage along with credits that note what fonts were used in
the design Like its predecessor 1 000 Graphic Elements the photography in this book focuses in on the typography so readers
can get an up close look at the work 1 000 Type Treatments showcases an array of fonts in a catalog like format making it
easy for the working designer to practically shop for ideas The book is organized by style so if a designer has a traditional
elegant or edgy piece they can go directly to that section of the book where they will find a wide collection of fresh ideas in
the style they are seeking Also included is a directory of font foundries and suppliers providing busy designers with a quick
reference guide to where they can find the fonts that pique their interest *Iron Trade Review* ,1902 **Catalogue**
