Herstories on Screen Kathleen Cummins, 2020-05-19 From the late 1970s into the early 1990s a generation of female filmmakers took aim at their home countries popular myths of the frontier Deeply influenced by second wave feminism and supported by hard won access to governmental and institutional funding and training their trailblazing films challenged traditionally male genres like the Western Instead of reinforcing the myths of nationhood often portrayed in such films invariably featuring a lone white male hero pitted against the savage and uncivilized native terrain these filmmakers constructed counternarratives centering on women and marginalized communities In place of rugged cowboys violently removing indigenous peoples to make the frontier safe for their virtuous wives and daughters these filmmakers told the stories of colonial and postcolonial societies from a female and or subaltern point of view *Herstories on*

Screen is a transnational study of feature narrative films from Australia Canada the United States and New Zealand Aotearoa that deconstruct settler colonial myths Kathleen Cummins offers in depth readings of ten works by a diverse range of women filmmakers including Jane Campion Julie Dash Merata Mita Tracey Moffatt and Anne Wheeler She reveals how they skillfully deploy genre tropes and popular storytelling conventions in order to critique master narratives of feminine domesticity and purity and depict women and subaltern people performing acts of agency and resistance Cummins details the ways in which second wave feminist theory and aesthetics informed these filmmakers efforts to debunk idealized Anglo Saxon femininity and motherhood and lay bare gendered and sexual violence and colonial oppression

Wrobel, 2002 Whether seen as a land of opportunity or as paradise lost the American West took shape in the nation's imagination with the help of those who wrote about it but two groups who did much to shape that perception are often overlooked today Promoters trying to lure settlers and investors to the West insisted that the frontier had already been tamed that the only frontiers remaining were those of opportunity Through posters pamphlets newspaper articles and other printed pieces these boosters literally imagined places into existence by depicting backwater areas as settled culturally developed regions where newcomers would find none of the hardships associated with frontier life Quick on their heels some of the West's original settlers had begun publishing their reminiscences in books and periodicals and banding together in pioneer societies to sustain their conception of frontier heritage Their selective memory focused on the savage wilderness they had tamed exaggerating the past every bit as much as promoters exaggerated the present Although they are generally seen today as unscrupulous charlatans and tellers of tall tales David Wrobel reveals that these promoters and reminiscers were more significant than their detractors have suggested By exploring the vast literature produced by these individuals from the end of the Civil War through the 1920s he clarifies the pivotal impact of their works on our vision of both the historic and mythic West In examining their role in forging both sense of place within the West and the nation's sense of the West as a place Wrobel shows that these works were vital to the process of identity formation among westerners themselves and to the construction of a West in the national imagination Wrobel also sheds light on the often elitist sometimes racist legacies of both groups through their characterizations of Native Americans African Americans Mexican Americans and Asian Americans In the era Wrobel examines promoters painted the future of each western place as if it were already present while the old timers preserved the past as if it were still present But as he also demonstrates that West has not really changed much promoters still tout its promise while old timers still try to preserve their selective memories Even relatively recent western residents still tap into the region's mythic pioneer heritage as they form their attachments to place Promised Lands shows us that the West may well move into the twenty first century but our images of it are forever rooted in the nineteenth **The On-line Database of Literature, Arts & Medicine**, 1996 **Robert Altman's McCabe & Mrs. Miller** Robert T. Self, 2007 Reclaims reframes and reexamines one of acclaimed maverick filmmaker Robert Altman's most accomplished and admired movies McCabe Mrs Miller as a commentary on Western history
