## **Network Analysis And Ethnographic Problems Process Models Of A Turkish Nomad Clan:**

*Network Analysis and Ethnographic Problems* Douglas White,Ulla Johansen,2005-01-01 Using network visualization and the study of the dynamics of marriage choices Network Analysis and Ethnographic Problems expands the theory of social practice to show how changes in the structure of a society s kinship network affect the development of social cohesion over time Using the genealogical networks of a Turkish nomad clan authors Douglas White and Ulla Johansen explore how changes in network cohesion are revealed to be indicative of key processes of social change This approach alters in fundamental ways the anthropological concepts of social structure organizational dynamics social cohesion marriage strategies as well as the study of community politics within the dynamics of ongoing personal interaction *Proceedings of the 9th International Conference on Computer Supported Collaborative Learning* Claire O'Malley,2009 **The SAGE Handbook of Social Network Analysis** John Scott,Peter J. Carrington,2011-05-25 This sparkling Handbook offers an unrivalled resource for those engaged in the cutting edge field of social network analysis Systematically it introduces readers to the key concepts substantive topics central methods and prime debates Among the specific areas covered are Network theory Interdisciplinary applications Online networks Corporate networks Lobbying networks Deviant networks Measuring devices Key Methodologies Software applications The result is a peerless resource for teachers and students which offers a critical survey of the origins basic issues and major debates The Handbook provides a one stop guide that will be used by readers for decades to come **Handbook of Methods in Cultural Anthropology** H. Russell Bernard,Clarence C. Gravlee,2014-07-08 The Handbook of Methods in Cultural Anthropology now in its second edition maintains a strong benchmark for understanding the scope of contemporary anthropological field methods Avoiding divisive debates over science and humanism the contributors draw upon both traditions to explore fieldwork in practice The second edition also reflects major developments of the past decade including the rising prominence of mixed methods the emergence of new technologies and evolving views on ethnographic writing Spanning the chain of research from designing a project through methods of data collection and interpretive analysis the Handbook features new chapters on ethnography of online communities social survey research and network and geospatial analysis Considered discussion of ethics epistemology and the presentation of research results to diverse audiences round out the volume The result is an essential guide for all scholars professionals and advanced students who employ fieldwork **The Oxford Handbook of Quantitative Methods** Todd D. Little,2013 The Oxford Handbook of Quantitative Methods in Psychology provides an accessible and comprehensive review of the current state of the science and a one stop source for best practices in a quantitative methods across the social behavioral and educational sciences *Theory in Social and Cultural Anthropology* R. Jon McGee,Richard L. Warms,2013-08-28 Social and cultural anthropology and archaeology are rich subjects with deep connections in the social and physical sciences Over the past 150 years the subject matter and different theoretical perspectives have expanded so

greatly that no single individual can command all of it Consequently both advanced students and professionals may be confronted with theoretical positions and names of theorists with whom they are only partially familiar if they have heard of them at all Students in particular are likely to turn to the web to find quick background information on theorists and theories However most web based information is inaccurate and or lacks depth Students and professionals need a source to provide a quick overview of a particular theory and theorist with just the basics the who what where how and why if you will In response SAGE Reference plans to publish the two volume Theory in Social and Cultural Anthropology An Encyclopedia Features Benefits Two volumes containing approximately 335 signed entries provide users with the most authoritative and thorough reference resource available on anthropology theory both in terms of breadth and depth of coverage To ease navigation between and among related entries a Reader s Guide groups entries thematically and each entry is followed by Cross References In the electronic version the Reader s Guide combines with the Cross References and a detailed Index to provide robust search and browse capabilities An appendix with a Chronology of Anthropology Theory allows students to easily chart directions and trends in thought and theory from early times to the present Suggestions for Further Reading at the end of each entry and a Master Bibliography at the end guide readers to sources for more detailed research and discussion

**Journal of Anthropological Research** ,2009 **Nomadic Peoples** ,2002 **The Emergence of Organizations and Markets** John F. Padgett,Walter W. Powell,2012-10-14 The social sciences have sophisticated models of choice and equilibrium but little understanding of the emergence of novelty Where do new alternatives new organizational forms and new types of people come from Combining biochemical insights about the origin of life with innovative and historically oriented social network analyses John Padgett and Walter Powell develop a theory about the emergence of organizational market and biographical novelty from the coevolution of multiple social networks In the short run they argue actors make relations but in the long run they argue actors make actors Organizational novelty arises from spillover across intertwined networks which tips reproducing biographical and production flows This theory is developed through formal deductive modeling and through a wide range of careful and original historical case studies ranging from early capitalism and state formation to the transformation of communism to the emergence of contemporary biotechnology and Silicon Vally from back cover

*Index Islamicus* ,2007 **Bibliographic Index** ,2009 **American Book Publishing Record** ,2003 **Choice** ,2005 **Reclaiming a Scientific Anthropology** Lawrence A. Kuznar,2008-09-11 Lawrence Kuznar makes a compelling case that it is even more important today a decade after the publication of the first edition of Reclaiming a Scientific Anthropology for anthropology to return to its roots in empirical science *Book Review Index* ,2006 Every 3rd issue is a quarterly cumulation *Mathématiques et sciences humaines* ,2003 *L'homme* ,2009 Revue fran aise d anthropologie **Pourquoi se mobilise-t-on** Daniel Cefai,2007 La 4e de couverture indique Pourquoi se mobilise t on L un des traits propres aux r gimes d mocratiques est que leurs citoyens disposent d un droit de regard sur les affaires publiques

et en contrepoint des leçons d'un droit à la critique et à la révolte. Ils discutent, s'associent, s'organisent. Ils constituent des collectifs, revendiquent dans l'espace public, passent des alliances avec partis et syndicats et entrent en conflit avec les pouvoirs établis. Mais qu'est-ce qui les y pousse ? La mobilisation a un coût en énergie et présente des risques, y compris financiers. Pourquoi ne pas laisser les autres se mobiliser à notre place ? Ce livre propose une cartographie de l'état des savoirs sur l'action collective, partant de tout ce qui a été écrit sur le sujet depuis plus d'un siècle sur les deux rives de l'Atlantique. L'histoire commence avec les travaux sur les foules et les publics de Tarde et Le Bon à la fin du XIX<sup>e</sup> et au début du XX<sup>e</sup> siècle. L'auteur exhume la tradition du comportement collectif à Chicago dans les années 1920. Il montre le virage accompli par Touraine et Melucci au moment de l'émergence des nouveaux mouvements sociaux étudiants, féministes, écologistes dans les années 1960 et 1970. Il passe en revue les théories de l'action rationnelle, les modèles du processus politique et les analyses des réseaux et des organisations qui prédominent aujourd'hui. Et il propose de nouvelles perspectives inspirées de la sociologie culturelle nord-américaine et de la microsociologie de Goffman. Un ouvrage indispensable pour tous ceux qui s'intéressent aux mouvements sociaux de notre temps.
